Skills

- Agile Project Management
- MongoDB
- MERN Stack
- NodeJS & JavaScript
- HTML & CSS
- Microsoft Office 365
- MySQL Workbench

Strengths

Focused

I studied the development requirements related to the project, and it worked without much burden.

Fast-Learner

During my college days, I chose to self-learn subjects that interested me while also joining work at a core coding company.

Technologically Updated

Due to the tech environment, I discussed and checked for updates about new technologies, which later helped me in my development.

Analytical

Using Data-driven approaches & critical thinking to optimize application performance and user experience.

Languages

- Nepali
- Maithili
- English
- Hindi

Highly motivated and results-driven recent graduate with a strong work ethic, proven academic and leadership achievements, seeking entry-level opportunities in the software field to apply my skills in web and app development, contribute to innovative projects, and make a significant impact.
